

Dana Kirilenko

Narrative Designer

An experienced narrative designer with a passion for mixing play and story. I excel at building rich settings and making quests that emerge naturally from the game's mechanics, and I enjoy inventing narrative techniques unique to each project.

I am highly creative and flexible when collaborating on a team, but at the same time very meticulous and organized when working with documentation and game engines.

My goal is creating experiences that no other medium can offer.

Experience

Lead Narrative Designer

Fantastic Signals (Apr 2024 — Oct 2025)

The Lift (*Immersive Sim*)

- Establishing an efficient narrative pipeline, managing writers.
- Developing the full storyline.
- Building the world and its lore.
- Creating characters; personalities, visual style, manner of speech.
- Co-developing quest & dialogue implementation tools.
- Designing and implementing quests in Unity.
- Designing narrative gameplay features.
- Managing the localizations process and proofreading translations.
- Writing and maintaining documentation.

Freelance Narrative Designer

(2023—Present)

- Faded (*Immersive Sim*) — narrative & quest design, writing.
- Divinheim (*RPG*) — narrative design, writing.
- The Whisker Watch (*Roguelike*) — narrative design, game design.
- Bylina (*ARPG*) — game design.

Senior Narrative Designer, Writer

Misterial Games (Sep 2023 — Mar 2024)

Stygian: Outer Gods (*Immersive Sim*)

- Developing the world, characters, story, script, and quests.
- Implementing all the narrative elements in Unreal Engine.
- Designing features and puzzles.
- Writing storylines, dialogues, quests, and descriptions.
- Writing and maintaining design documentation.

Narrative Designer, Game Designer

Ice-Pick Lodge (Jun 2020 — Feb 2023)

Pathologic 3 (*RPG*)

- Core gameplay design.
- Feature development, from conceptualization to testing.
- Implementing quests details in Unity.
- Transforming raw stories into gameplay elements
- Brainstorming lore and plot to refresh the in-game universe.
- Writing and maintaining game design documentation.

Game & Narrative Design Teacher

(2021—Present)

- Higher School of Economics (2021—2023)
- OTUS Online Education
